RESOLUTION.—Questions having recently arisen as to the extent to which officers in the service of Government are permitted to connect themselves with the Press, the Governor General in Council thinks it desirable that the existing orders on the subject should be clearly understood:—

I.—No officer in the service of Government is permitted, without the previous sanction in writing of the Government under which he immediately serves, to become the proprietor, either in whole or in part, of any newspaper or periodical publication, or to edit or manage any such newspaper or publication. Such sanction will only be given in the case of newspapers or publications mainly devoted to the discussion of topics not of a political character, such for instance as art, science or literature. The sanction will be liable to be withdrawn at the discretion of the Government.

II.—Officers in the service of Government are not prohibited from contributing to the public Press; but their position makes it incumbent upon them to confine themselves within the limits of temperate and reasonable discussion, and they are prohibited from making public without the previous sanction of Government any documents, papers, or information of which they may become possessed in their official capacity. These rules have been hitherto in most cases honorably observed. In case of a departure from them, or if the Government should consider the connection of any officer with the Press to be contrary to the public interests, his liberty to contribute will be withdrawn.

III.—The Government of India will decide, in case of doubt, whether any engagements of officers with the Press are consistent with the discharge of their duties to the Government.

IV.—Nothing in this Resolution is intended to relax the provisions of any regulations on this subject which now apply to the Army.

ORDER.—Ordered, that this Resolution be published in the *Gazette of India*, and circulated to local Governments and Administrations for information and guidance.
